Summary of Topics Discussed and Substantive Action Items

- The AIM Organizers put aside the intervention categorization exercise of Task 1 for now (to be revisited later) and presented a revised Framework Guidance development process reflecting feedback received at previous meetings.
- Members discussed:
 - Task 2: Identify options for where results get reported
 - Task 3: The AIM logical framework
 - Task 4: What should count?
 - Topic 1: Association with Value Chain
 - Topic 2: Ambition
- Next GC Meeting and optional GC Working Times will first focus on an initial discussion of Task 4, Topic 3: Additional Safeguards
- If time, the AIM Organizers will then present options for further consideration with respect to Task 4, topics 1 and 2, based on our discussion today.
